Education

Babu Banarasi Das (BBD) University

Lucknow, India

Master of Computer Applications (MCA) in Computer Science

July 2025 – July 2027

- Focus: Advanced programming, software development, data structures, algorithms, AI, cloud computing, and cybersecurity
- Relevant Coursework: Data Structures, Database Management Systems, Web Technologies, Software Engineering

Babu Banarasi Das (BBD) University

Lucknow, India

Bachelor of Computer Applications (BCA) in Computer Applications

July 2022 – July 2025

- Built strong foundation in programming fundamentals, object-oriented programming, and web development

Technical Skills

Programming Languages: Java, JavaScript, Python, HTML5, CSS3

Frameworks & Libraries: React.js, Node.js, Express.js, Bootstrap, Tailwind CSS

Database Technologies: MySQL, MongoDB, PostgreSQL

Developer Tools: Git, GitHub, VS Code, IntelliJ IDEA, Postman, npm

Core Competencies: Data Structures & Algorithms, Object-Oriented Programming, RESTful API Development

Cloud & Emerging Tech: Cloud Computing Fundamentals, AI/ML Basics, Cybersecurity Principles

Soft Skills: Problem-Solving, Team Collaboration, Project Management, Agile Methodologies

Projects

E-Commerce Web Application | *React.js, Node.js, MongoDB, Express.js*

2024

- Developed a full-stack e-commerce platform with user authentication, product catalog, and shopping cart functionality
- Implemented RESTful APIs for seamless frontend-backend communication and integrated payment gateway
- Utilized React hooks and context API for state management, improving application performance by 30%
- Designed responsive UI using modern CSS frameworks ensuring cross-browser compatibility and mobile responsiveness

Task Management System | *JavaScript, HTML, CSS, LocalStorage*

2024

- Built an interactive task management application with CRUD operations and priority-based task organization
- Implemented data persistence using browser LocalStorage and optimized DOM manipulation for better performance
- Designed intuitive user interface with drag-and-drop functionality for enhanced user experience

Portfolio Website | *React.js, CSS3, JavaScript*

2024

- Created a personal portfolio showcasing projects and skills with modern, animated UI components
- Optimized website performance achieving 95+ Lighthouse scores across all metrics
- Implemented responsive design patterns ensuring seamless experience across all device sizes

Achievements & Certifications

Competitive Programming: Solved 200+ problems on LeetCode and HackerRank focusing on DSA

Hackathons: Participated in university-level hackathons, developed innovative solutions under time constraints

Certifications: Full Stack Development and OOps Java, Core Java, Data Analyst, Python

Academic Good: Maintained 7.5+ CGPA throughout undergraduate program
